

Vice Presidents Report.

Happy Mother's Day to all of the mothers.

Two of our members attended Mfest at the Springbrook Primary School on Saturday 9th May.

Mfest is a day to celebrate mothers and their contributions to family, friends and the community.

The day was welcomed with perfect weather and was attended by many of the locals and some visitors from all over. Even Holland.

During the day we (ZONTA) sold chilli chutney made by one of the local women, with all proceeds going to help fund Birthing Kits. Several Raffles were drawn during the day, with some of the takings also going to Birthing Kits.

Various artists performed under the Big Red Top over the period of the day and numerous stalls/stands/demonstrations/activities were set around the school grounds selling crafts and produce from local crafts people, growers, wildlife associations and council information.

It is a time for us to think of the people in Nepal who are in need of clean drinking water, food and shelter and those who don't have the privilege of having a clean environment to birth and for us to reflect on how lucky we are to live in this wonderful part of the world with everything we need at our fingertips.

Diary Dates

Dinner Meeting Monday 18th May
Scentry Demonstration with Jess Komere (representative)
